About CSS

Chotanagpur Sanskritik Sangh(CSS)is a non-profit grass root, socio culture voluntary organization engaged in empowering women, child, person with disabilities and distress in socio-economic-cultural fronts through its various initiatives on Education, Livelihood, Environment, child protection, Health & Nutrition, Sports, Culture, research and publication and Rehabilitation. CSS is registered under the Societies Registration Act XXI of 1860.

Chotanagpur Sanskritik Sangh (CSS) was established in Ranchi district of Bihar in the year 1968, at that time, Jharkhand came under the southern Chotanagpur area of the Bihar. This was the period when HEC, Heavy Engineering Corporation Limited in Hatia area was being established. Where on one side many villages were being destroyed, due to the displacement the socio-cultural-economic problems were born.

On the other hand there were opportunities for employment and development, but the people here were not prepared educationally and technically (except for the few people) at that time, as a result local residents could not get much benefit from it.

The organization works to organize the disadvantaged sections of the society to join them in the mainstream; women's empowerment, child rights and protection, health, disability, education, skill development, working capital, development of micro-employment, research and publication are there. At present, the institution is working directly in Ranchi & Gumla districts of the state.

From Secretary's Desk

Each year comes with new opportunities and challenges. 2022 was a time when the communities started to recover from the impact of Covid-19 pandemic and the communities gradually started to move towards normalcy. On the other side this is the time when India is ushering its Digital India program, to compete and place itself in the global digital world. It is indeed an opportunity and also a challenge especially for grassroot organizations such as Chotanagpur Sanskrit Sangh to integrate digital systems into its governance and operation.

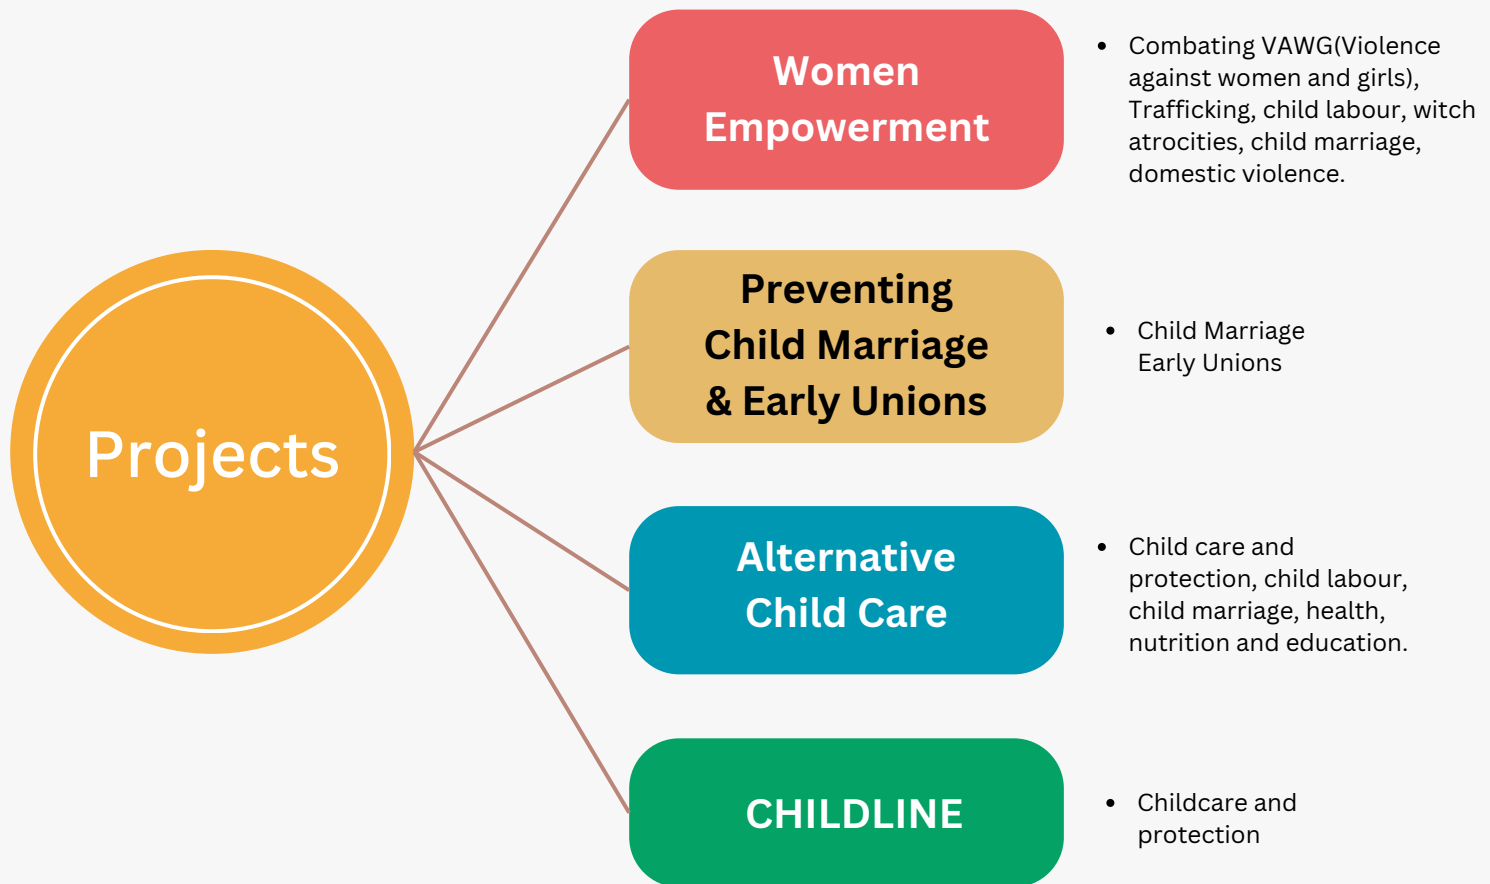

The year 2023 is of great pride for India as it held the Presidency for G20. The world is looking at India. For CSS, it was an opportunity to introspect the impact that the organization was able to make in the society in the past 5 decades towards achieving its vision of "A Society where every one has equal opportunity for growth and development along the line of her / his own genius". The organization also realizes the need to align its initiatives with the Sustainable Development Goals 2030 and the social development priorities/ policies of the Government of India.

The organization stands committed for the upliftment and mainstreaming of the Adivasi and marginalized sections of the society with a focus to prepare them for new opportunities and challenges. On the other hand it is also a challenging time for the Civil Society Organizations to adhere to the compliance expectations of the government such as FCRA and other laws which govern the Civil Society Organizations.

The organization is grateful to the following donors : Childline India Foundation, Stichting Kinderpostzegels Nederland (SKN), Capital for Good USA, Andheri-Hilfe Bonn , and other partners who have remained committed to support the organization's initiatives. CSS is grateful to its Patrons, Board members, employees who have supported the initiatives of the organization.

Key Initiatives

Promoting Rural Girls Education

In the rural communities girls are unable to pursue higher/job based education due to very poor financial condition of family, lack of opportunity for the girl child due to less priority on the girl child, lack of proper guidance and career counselling.

To address this problem CSS with the support of Andheri Trust under the theme of Women Empowerment is providing financial support to needy girls from very poor financial background to pursue job oriented training course. The objective behind this project is to improve the socio economic condition of the family and help the girls become self dependent women. This will indirectly reduce child/early marriages, domestic violence, exploitation.

Since 2019, 24 girls have been provided support for ANM Course. The first batch of 2019 (4 candidates) have completed their training and have received job placements. The girls say that the attitude towards them in the community has changed. People view them with a sense of respect and other girls are also getting motivated to study.

Nursing School Candidates in Action

Key Initiatives

Promoting Girl's Mandar Group

A male dominated society is often characterized by gender specific roles which become part of the norms and tradition of the society. It could be social, cultural, religious, livelihood etc.

This project is aimed at breaking those gender stereotyped roles and norms, and ensure equal participation of girls in the community.

Hence CSS came up with the idea of forming and training a professional Mandar Playing Band. The objective behind this initiative was to solve the following purposes : -

1. Social & economic empowerment of girls
2. Engagement of girls in productive activity
3. Break the norms that Mandar Group could comprise of only men.
4. Reviving and popularizing Mandar playing.

A group of 12 girls and 2 boys were identified for the Mandar Playing Band.

Pre-Training and counselling sessions were held for them and they were explained the importance and purpose of the initiative.

The training was led by renowned Mandar playing professions and folk musicians namely : - Mr.Sudama Singh, Manrakhan Baraik & Janki Devi. The participants were provided meticulous training on playing Mandar which included different beats and rhythm according to different social occasions. The group was also given training on folk music and also on composing folk songs.

The training was very systematic and the 48 day long training really equipped the group members with the art of playing Mandar drum. Post training the group has been provided with Nagada and Mandar. They have already started performing locally and they are expected to get invitation from outside their village within their block and also outside. They are also engaged in regular practice.

The group will operate within a structure with well laid guidelines and by laws which have already been prepared so that they perform as a pure professional group. The revenue generated will be properly maintained and shared among the members through the rules. There will be band manager who will manage the bookings and maintain the record of revenue.

The group is being promoted on social platforms so that they can gain popularity in the locality, district, state and also the country.

Key Initiatives

Promotion of Girls' Football Team

Participating in sports can help break-down gender stereotypes, improve girls' and women's self-esteem and contribute to the development of leadership and strategic thinking skills.

The idea behind this initiative is to break the above stereotype. "Sport has a vital role to play in promoting women's rights. It offers girls and women opportunity to assert themselves as independent individuals in patriarchal societies.

With this motive CSS formed two girls's football team under the project Preventing Child Marriage and Early Unions in the block of Bharno. Under this initiative CSS also organized football tournament between girls and boys football team to promote gender justice and breaking the gender norms.

Key Initiatives

Promotion of Art & Handicraft

The idea behind this initiative is to empowering girls to become young entrepreneurs and increase their income. This is also an approach to promoting gender equality. By providing young girls with the necessary skills, resources, and market access, handicrafts can lead them to financial independence, social inclusion, and creative expression.

A group of 5 girls who had some knowledge and interest of art and handicraft were identified and provided a week long residential training on traditional art and handicraft. To expand their knowledge further they were provided exposure visit to traditional artisans centre (art centre) in the Odisha.

They were trained on the following forms of art :

Post training they have already producing many handicraft materials which are already in the market.

Key Initiatives

Community Learning Centres

The Community Learning Centres are a system of community-based learning which not just addresses to the academics of a child but advocates for their holistic development. It has been observed that enrolment in schools is being seen as an indicator of improved rural education. However, due to gaps in the education and learning system, these school-going children lack basic awareness about the world inside, outside and around them. With structured curriculum of physical, educational, socio-cultural activities on a regular basis, the CLCs inculcate the attitude of Learning within children which eventually positively impacts their parents and families and eventually the entire village. More than, academic brilliance, focus of CLCs is on personality development and overall well-being of children.

Under this initiative 7 CLCs have been formed in the following 7 villages :-

Through this 210 children from 7 villages are receiving holistic education. The village environment is improving slowly and there is a gradual increase in focus on productive and educational activities.

उद्घाटन करते अतिथि.

कभी नहीं हुआ. कॉलेज में बाल-विवाह बहुत पुराना है. आज की 77 साल होने को है, पर हम उसी मुद्दे पर हैं. 29 सितंबर को बाल विवाह विरोध अधिनियम लागू

हुआ. उस समय इसका बहुत विरोध किया गया. एक जमींदार, राज महाराजा या मुस्लिम समाज के ऊंचे वर्ग के लोग इसका विरोध किया. इसलिए इस अधिनियम को पूरी तरह से

लानू नहीं किया जा सका. समय बीतता गया और समस्या बनी की बनी रही. पोकसो अधिनियम अक्टू 2006 से बाल विवाह अधिनियम अक्टू 2007 से. इस संदर्भ में बहुत सारे नियम व कानून बन्दे गये. कानून इतनी कड़ी कर दी गयी कि जो भी बाल विवाह करता है या सम्मति होता है, तो उस पर एकअड्डा कर होता है. उसीने कहा कि बाल विवाह बहुत बड़ी कुतिलियों को जड़ से हटाने के लिए हम सभी को मिल कर प्रयास करना होगा. धन्यवाद ज्ञापन सुमति कुमारी ने किया. मौके पर अतिथि, सोरएसस से पैरो कुमारी, शशि, आकांक्षा, सुमति, सरस्वती, तिवारी, सुनील आदि मौजूद थे.

बाल विवाह कानूनन अपराध : बीडीओ

सिसई. छोटानागपुर सांस्कृतिक संघ ने मंगलवार को बीएन जालान कॉलेज में बाल-विवाह उन्मूलन व किशोरी सशक्तीकरण के तहत एकदिनी कार्यशाला हुई. मुख्य अतिथि बीडीओ सुनीला खलखो ने कहा कि बाल विवाह बचपन समाप्त कर देता है. बाल विवाह के शिकार किशोर-किशोरी शारीरिक व मानसिक रूप से परिपक्व नहीं होते हैं, जिसका सीधा असर न केवल दांपत्य जीवन पर, बल्कि उनके परिवार और समुदाय पर अभिशाप की तरह पड़ता है. लड़कियों को इसका खामियाजा अधिक उठाना पड़ता है. बाल अवस्था में गर्भधारण व प्रसव से किशोरी दुर्बल हो जाती है. इसमें कइयों की मौत हो जाती है. बाल विवाह रोकने के लिए कानून होने के बाद भी जागरूकता, शिक्षा, गरीबी व कुप्रथा से प्रतिवर्ष देश में लाखों किशोर-किशोरी बाल वधु बन रही हैं, जिसे रोकने के लिए हम सभी को आगे आना होगा. एसआई अंजली कुमारी ने बाल विवाह रोकने के कानूनी प्रावधान, अधिकार, पोकसो एक्ट, जुवेनाइल एक्ट की विस्तृत जानकारी दी. मौके पर प्रोफेसर साहू प्रकाश लाल, डॉक्टर प्रवीण भगत, सुदिप्ती कुमारी लांबा, डॉ रेखा कुमारी, सुमति कुमारी, शांति सेवइया, आकांक्षा कुमारी, शशि, पैरो कुमारी, सुनीता कुमारी, सुमति, कृति मेंज, विश्वंभर देव तिवारी मौजूद थे.
